GARDEN RULES

1. Assignment of garden plots will be awarded by a first come, first serve system. Preference for next year's plots will be given to the previous year's participants. No plot rentals will take place after June 1.
2. Plot fees are due in full before the garden season begins. Each gardener must complete a Release of all Claims form before any work in the garden can begin.
3. Each plot owner will receive the combination to the shed lock with their plot payment. Please lock the shed and return all tools and close garden gate when done working.
4. Each gardener is responsible for the maintenance and upkeep of their garden plot. Watering, weeding, harvesting and any other garden related maintenance are all the responsibility of the gardener. Gardeners may arrange for other gardeners to water their plots.
5. Garden plots should be cared for at least once a week. It is the gardener's responsibility to notify the coordinator if he or she is not able to care for their plot in any given week. If any plot remains unattended for more than three weeks, that plot is subject to reassignment.
6. The application of herbicides (weed killers) to the garden plots is prohibited.
7. Children are welcome in the garden but must be accompanied by an adult and must be supervised at all times.
8. At the end of the growing season, gardeners are responsible for clearing their plot of all plant material and leaving the plot as they found it in the spring. At that time, the deposit can be returned.
9. The Garden Planning and Management Committee is responsible for ensuring that rules are followed at all times.
